Hardin Construction Announces New Project: Carlton Shores Health & Rehabilitation Center Renovation

ORLANDO, FLA (June 21, 2011) — Hardin Construction Company, one of the nation's leading construction services firms, is eager to announce its new project: Carlton Shores Health & Rehabilitation Center Renovation.

The renovation will include the complete build-out of two wings of a skilled nursing facility, each containing 25 private rooms, and the cosmetic renovation of two existing wings. Construction will take place in the fully-operating, occupied Skilled Nursing Facility.

The phased Agency for Healthcare Administration (AHCA) project utilizes extensive infection control measures (ICRA) to insure patient safety and intensive coordination with the Owner to insure minimal impact on the facility's operations. The project also includes a complete renovation of the existing central energy plant including replacement of the boiler, emergency generators, condensing units and utilized solar panels to supplement the hot water system.

The renovation project began in May and is scheduled to complete in the fall. Carlton Shores Health & Rehabilitation Center is located at 1350 S. Nova Road, Daytona Beach, FL 32114.
