Ed Hanratty Named Vice President of Hardin Construction Company

ORLANDO, FL (April 18, 2011) — Hardin Construction Company announces the appointment of Edward Hanratty III to Vice President serving in Hardin's Orlando, Florida branch office.

Hanratty's industry experience spans 32 years, including four years with Hardin Construction, and it covers an array of responsibilities—from project engineer and purchasing agent to project executive, director of construction and construction manager.

"Ed is a welcome addition to the Hardin leadership team," said Hardin Chairman Brantley Barrow. "His experience in the industry is deep and broad, and the contributions he'll be able to make to the company in his new role will be invaluable."

Hardin Construction is currently making a number of changes and improvements to sharpen the company's service-delivery operations.

Said Barrow: "We continue to embrace the principles and values that have anchored Hardin for 65 years, even as we introduce new people and personnel assignments as well as new ideas and initiatives to ensure that Hardin remains the smart, innovative company that's respected for providing industry-best services and solutions."

Hanratty's recent projects include renovation of the baggage screening facility at Orlando International Airport; the Port Canaveral Cruise Terminal 8 parking garage; and the Luau Condominium and the Bahi/Lasta/Elation Condominiums at Sandestin, Florida.

Hanratty's civic and professional involvements have included serving on the boards of Associated Builders and Contractors, Florida East Coast Chapter, and the Eastside YMCA in Oviedo, Florida. He earned the Bachelor of Science degree in architecture from the New York Institute of Technology.
