## **Hardin Construction Company Ranked Top Contractor by ENR**

**ATLANTA** (June 13, 2011) — Hardin Construction, one of the nation's leading construction services firms, recently was featured in ENR's Top 400 Contractors list. The list was recently released with Hardin moving up the ranks to 158 from its previous position at 201 in 2010.

According to ENR, "The Top 400 Contractors list is a good illustration of how tough the recession has been. As a group, the Top 400 generated \$259.41 billion in contracting revenue in 2010, down 10.8% from 2009's figure of \$290.91 billion. Domestic revenue for the Top 400 fell 11.5% in 2010 to \$208.16 billion from \$235.33 billion in 2009, while international project revenue fell 7.8% to \$51.24 billion."

ENR also ranks Hardin 75 on the Top 100 Construction Management-at-Risk Firms list, moving up from its previous rank at 86 last year.

"Celebrating our 65th Anniversary this year, we are proud to consistently be ranked a top contractor by ENR," said Brantley Barrow, the company's chairman. "Hardin continues to embrace innovation and change, and each new project provides an opportunity for our associates to live out the company's founding values of integrity, fairness and excellence."
